

NOA 309L Orthodontic Team Training
2 days Friday - Saturday | 14 CEU (ADA CERP)
Nagyorthodonticacademy.com

Dear Doctor(s), Dental Team, and Assistants

Thank you for registering for our NOA 309L in-office training with Dr Attila Nagy DDS, MS. It will be our pleasure to help you learn to create beautiful smiles.

We will be covering many topics that will give you the knowledge and skills necessary to support your doctor and office in providing quality orthodontic care to your patients.

Here are the details for your upcoming seminar:

Please read this entire document carefully.

Schedule

Date: See Course schedule on our website

Class is held Friday, and Saturday.

Start time is 8:00 a.m. until 5:00 p.m. on Friday and Saturday.

Location: Columbus, Ohio, USA (Airport code: CMH)

Instructor:

Your instructor will be Dr. Attila Nagy DDS, MS

Curriculum:

Our NOA 309L seminar combines orthodontic classroom theory with practical hands-on exercises (on typodonts, wire bending etc), teaching you, your team and the assistants, how to work with a patient from the moment they consider pursuing orthodontic treatment until after the completion of their orthodontic care. You will learn all aspects of orthodontics, from initial standards of care records to retainers, and everything in between.

Specific topics include, but not limited to:

- Class I, II, III corrections.
- Distillation.
- Expansion: RPE, MARPE, SARPE.
- Impacted teeth.
- Missing teeth.
- How to deal with problems during treatment.
- Retention after treatment.
- Phase 1 and 2 review.
- Open and Deep bite corrections.
